December 2024

Greetings from Gwen

Tis the season of giving... many give to charities, friends, family members and colleagues. As part of Nav CARE we give the gift of support. This support often impacts us as the supporter in unexpected ways.

Please read this testimonial from one of our volunteers (sharing with permission)

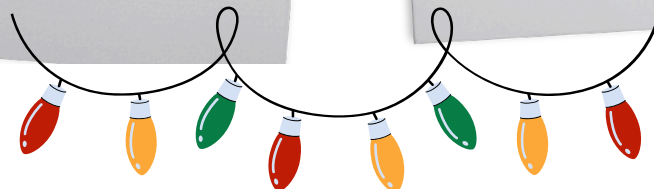

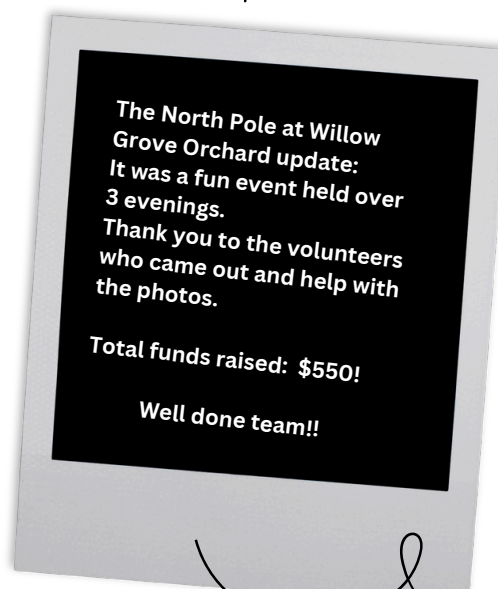

"Hello my friend. I have to share this. I am not really sure who is benefitting more from my visits. I seriously feel like i have won the lottery when I walk away from visiting her."

Looking forward to 2025 as we grow together as a team and support our clients. Wishing you each a very Merry Christmas and a wonderful New Years celebration.

** Merry Christmas and *
* Prosperous New Year **
